

MOLD PRODUCTION REQUEST

The NUMED technical team is happy to help you in developing your customized REPLICALIVE mold. Knowing that such process might be complicated and long, correctly filling this document is mandatory for the NUMED team to best understand your needs in order to better serve you.

Molds or pieces of the mold will not be provided to any other party including NUMED. Nevertheless, the Mother Mold will be kept in NUMED premises for later eventual mold reproduction.

In order to have a quotation for any mold, you are kindly asked to fill sections A and D of this document for each mold you need to develop and send it by mail to info@numed.me or by fax to + 961 1 390592.

A- The Mold Brief

This is stage 1 of the Mold Making process.

Information needed to make the idea clear for the NUMED team

a- Product Name (Mandatory by customer):

b- Material to be casted: Candle (wax) Soap Food (cake, etc.)
 chocolate, candies Other (specify):

c- Temperature of the material to be poured in the mold: °C

d- Will the mold be used in the oven? Yes No

e- If yes, what would be the maximum temperature? °C

f- What is the average duration of each cycle in the oven? minutes

g- Hardness of material casted in the mold: Very soft Soft Hard Very hard

h- Number of items intended to be casted of this product: < 100 101-500

501-2000 >2000

i- Text needed to be added, if any:

Text (write or type whenever capital letters are needed)	Font Name	Notes (font size, etc.)	Font direction	Font depth/height
			Embossed Debossed	
			Embossed Debossed	
			Embossed Debossed	

Arabic Fonts (advisable):

Arabic transparent:

- j- Logo to add (to be sent to NUMED: refer to “Mold Guide and Pricing”) Yes No
- k- Which of the 2 mold options is needed? Standard-Custom Mold Custom-Custom Mold
- l- In case it is Standard-Custom Mold which is the item chosen?
 SCM8-4-0.6S SCM8-4-0.6L SCM7-7-0.6S SCM7-7-0.6L SCM4-4-1S SCM4-4-1L
- m- In case it is a Custom-Custom Mold:
 Is the item physically available (check point B-1)? Yes No
 a- If Yes, we need the following number of items or weight (filled by NUMED): _____
 b- If No, provide as much information and description about the product as possible (check point B-2):

Additional information required by NUMED: (Reserved for NUMED)

B- Important notes

- 1- If the 3D-item is physically available, samples should be delivered by the customer to NUMED premises. In this case, the molds produced will totally rely on dimensions, shapes, colors and details on the samples provided. Therefore, customers are responsible for providing the best samples possible as the mold will be **exactly** identical to the sample provided.
 In situations where the item has multiple shapes (i.e. peanut, corn flakes, etc.), a minimum weight (100, 200g, etc.) or number (2, 3, etc.), determined by NUMED, might be requested.
- 2- If a 3-D item is not physically available, NUMED will help in developing it with close communication with the customer (pictures sent by the customer would be very helpful).

C- Payment and delivery policy (based on stages: check “Mold Guide and pricing”)

- 1- Confirmation of the order is only done by signing the quotation and/or by mail reply based on checking and accepting the “Virtual 3D Model” (stage 2 of the “Mold Making Process). Upon confirmation, 50% of the quotation amount should be paid before proceeding to the “Prototype Stage” (stage 3 of the “Mold Making Process”).
- 2- One sample will be provided after 2 to 10 working, days depending on complexity, when applicable.
- 3- No money is refunded if the order is canceled or the sample is refused.
- 4- The total quotation amount should be paid fully upon delivery of the whole order (Stage 4 of the Mold Making Process).

D- Customer information

Customer/company name:		
Mobile #:		
Country:	City:	
Street:	sBldg:	Floor:
Contact person name:		

Contact person's phone number:

Contact person's email:

Any notes you would like to add:

Copyright protection: In order to preserve Customer/Company's credentials copyrights (logo, identity, text, etc.), NUMED will reject submitted forms not having the customer's signature (and stamp for companies, institutions, etc.).

By signing and stamping this document, you hereby authorize NUMED to use the provided text and logo at your own discretion for the mold making.

NUMED reserves the right, in specific conditions, to request a signed permission in case other parties are involved.
